

WIRELESS COMMUNICATIONS PROJECT'S LIST

User	Task description
MINISTRY OF INTERIOR	Paging system specifications Equipment furnishing Modems & Controllers production System integration PMR equipment supplying and maintenance National TETRA PMR system planing, radio coverage planing, sites surveying
METEOROLOGICAL INSTITUTE	Radar systems specification Radar system installations Radar system maintenance PMR system specification Repeater network installation PMR equipment furnishing
ELECTRICITY BOARD	PMR system planing, radio coverage planing
ELECTRICITY BOARD	National TETRA PMR system planing, radio coverage planing, sites surveying
ELECTRICITY BOARD	Trunking PMR system planing for area Slavonija and Baranja
ELECTRICITY BOARD	TETRA system specifications for EBRD tender
Broadcasting station NEDELISCE	Radio coverage planing, antenna system design Microwave radio link planing
Broadcasting station GRUBISNO POLJE	Radio coverage planing, antenna system design Microwave radio link planing
Broadcasting station DARUVAR	Radio coverage planing, antenna system design
Broadcasting station NOVI MAROF	Radio coverage planing, antenna system design Antenna system furnishing and installation Microwave radio link planing
Broadcasting station SV. IVAN ZELINA	Radio coverage planing, antenna system supplying Microwave radio link planing
Broadcasting station DONJA STUBICA	Radio coverage planing, antenna system design Antenna system furnishing and installation Microwave radio link planing
Broadcasting station ORAHOVICA	Radio coverage planing, antenna system design Microwave radio link planing
Broadcasting station SENJ	Radio coverage planing, antenna system design and supplying Microwave radio link planing
Broadcasting station CRIKVENICA	Radio coverage planing, antenna system design Antenna system furnishing and installation Microwave radio link planing
TV station ČAKOVEC	Radio coverage planing, antenna system design Microwave radio link planing

TV station VINKOVCI	Radio coverage planing, antenna system design Microwave radio link planing
Croatian Army	UHF RPV SCADA radio communications equipment development and production Data radio network equipment development and production PMR equipment supplying and maintenance
Croatian forestry	PMR system supplying and installation including repeater network installation
Public warehouse Jankomir	UHF PMR system supplying and installation including base station installation
Gas distribution network Cakovec	UHF PMR system supplying and installation including repeater network installation
KONCAR, special equipment and systems	VHF RF power amp. design and production. VHF Radio-modem design and production
KONCAR, Power Plant and Electric Traction Engineering Zagreb	SCADA UHF & VHF radio network equipment supplying and installation
ELECTRICITY BOARD DP Elektrolika, Gospic	SCADA UHF radio network equipment supplying and installation
ELECTRICITY BOARD DP Elektrodalmacija	SCADA UHF radio network equipment supplying and installation
ELECTRICITY BOARD DP Elektra Koprivnica	SCADA UHF radio network equipment supplying and installation Microwave radio link planing
ELECTRICITY BOARD DP Elektroslavonia, Osijek	SCADA UHF radio network equipment supplying and installation UHF radio link planing, supplying and installation
ELECTRICITY BOARD DP Elektra Sl. Brod	SCADA UHF radio network equipment supplying and installation UHF radio link planing, supplying and installation
ELECTRICITY BOARD DP Elektra Kriz	SCADA UHF radio network equipment supplying and installation UHF radio link planing, supplying and installation
ELECTRICITY BOARD DP Elektro Istra, Pula	SCADA UHF radio network equipment supplying and installation UHF radio link planing, supplying and installation
ELECTRICITY BOARD DP Elektra Sibenik	SCADA UHF radio network equipment supplying and installation UHF radio link planing, supplying and installation
ELECTRICITY BOARD DP Elektra Zagreb, Zagreb	SCADA UHF radio network equipment supplying and installation UHF radio link planing, supplying and installation
ELECTRICITY BOARD DP Elektra Vinkovci, Zagreb	SCADA UHF radio network equipment supplying and installation UHF radio link planing, supplying and installation

Gas network Zagreb	UHF radio system design and planing SCADA UHF radio network equipment supplying and installation Microwave digital radio link equipment furnishing and installation UMUX 2 Mbps equipment furnishing and installation
BPA Parcel service Zagreb	UHF PMR system supplying and installation including base station installation
CROATIAN ROAD AUTHORITY	VHF PMR system supplying and installation including repeaters network installation Base stations supplying installations Command and control system equipment supplying and installation
CROATIAN SHIP BUILDING INSTITUTE	DGPS data VHF radio network equipment design and production, Equipment installation
CROATIAN SHIP BUILDING INSTITUTE	RTK GPS and DGPS data VHF radio equipment supplying, system integration and installation on surveying ship
Hrvatske Vode, national hydrological authority, Zagreb	RTK GPS data network design, VHF radio equipment supplying, system integration and installation on surveying ships
AIRPORT ZADAR	UHF PMR system planing
National park PAKLENICA	VHF PMR system delivery, installation and maintenance
National park MLJET	VHF PMR system project, equipment delivery and installation
Zagreb Airport ltd.	Ground traffic control center's radio coverage and system planning
Croatian railways	GSM-R system planing and radio measurement
INAgip, Zagreb	Off-shore gas platform's SCADA UHF radio modems supply, installation and commissioning
Voljatel, Internet service provider Zagreb	2x155 Mbps Microwave digital radio link planing, equipment furnishing and installation
Acton, Internet service provider Zagreb	4x155 Mbps Microwave digital radio link system planing, equipment furnishing and installation
Acton, Internet service provider Zagreb	34 Mbps Microwave digital radio link system planing, equipment furnishing and installation
PLINACRO National natural gas transport company Zagreb	SCADA UHF base radio stations, modems and ancillary equipment manufacturing, system integration, installation and maintenance
CRUP, inland waterways development organization, Zagreb	AIS base station supplying, installation and maintenance VHF marine base radio station and remote control equipment supplying, installation and maintenance. UHF data radio link equipment supplying, system integration, installation and maintenance 34 Mbps Microwave digital radio link system planing, equipment furnishing and installation
ELECTRICITY BOARD DP Elektroslavonia, Osijek	TETRA terminal equipment furnishing and maintenance
ELECTRICITY BOARD DP Elektra Sl. Brod	TETRA terminal equipment furnishing and maintenance
